

Office Visits, Counseling and Facility Services

SCTMS is currently contracting with physicians, psychologists, smoking cessation providers, hospitals and other facilities across the state of Louisiana in order to provide you with quality smoking cessation services. When you visit a contracted provider for smoking cessation services, they will bill SCTMS directly; you will have no up-front costs.

Some contracted physicians, smoking cessation professionals or facilities may require you to pay at the time of service. If this happens, have the provider's office submit the claim to Gilsbar on your behalf. Please refer to the "PPO Claims Submission" tab located on your ID card for the address.

ABOUT GILSBAR

Gilsbar has been selected by SCTMS to process all claims and reimbursements under the Program. For more than 50 years, Gilsbar has provided comprehensive third party administrative solutions for health plans and insurance carriers.

Finding Network Providers Near You

As a member of the Smoking Cessation Program, you will be eligible to receive smoking cessation medical services from a large group of providers within the Gilsbar 360° Alliance PPO Network.

If you need help finding a contracted provider near you, please go to:
